

TOWN OF BEDFORD DEPARTMENT OF PUBLIC WORKS

Dear Bedford Resident:

Reclaiming is currently scheduled to begin on your road Thursday April 20th and Friday April 21st.

Please expect delays, the crews will do their best to accommodate abutters. If you need to get out while the work is happening please speak to one of our inspectors or the police detail.

Please refrain from on street parking until project is complete. If you need to park on the street please use a street outside the work area. In general, streets will be closed to through traffic. You will be given as much access as the work allows and the DPW will do their best to minimize any inconvenience.

If the work is delayed due to rain, please have your trash and recycling out on Monday before 6:00 AM. We have coordinated with the waste management contractor to have the trash picked early. If there are any issues please reach out via the online Wizard Tool located on the Trash & Recycling page of the Town website.

If you have any underground utilities on town property (within 5 feet of the edge of pavement) such as invisible fences, low voltage lighting or sprinkler systems, please clearly mark the locations.

If you have any questions or concerns please call (781) 275-7605 and please check the DPW website for updates.

Thank you,

Department of Public Works
